

Customer Engagement Kiosk

ST103 KIOSK

The Right Customer Service Solution for Your Business

Today's customers want to get the right information at the right time for decision-making. Business loses Customers everyday through the simple act of making customers wait.

By delivering right service in line with customer expectations, your business will increase customer loyalty, satisfaction and sales.

With the ST103 Kiosk, you can cater to your customer's every need to enhance customer experience.

Customer Engagement Kiosk

ST103 KIOSK

• Optimize Customer Purchasing Decision

The ST103 Kiosk enables business to provide customers to look up product pricing, availability and special offers by scanning barcodes / RFID tags on any product at retail stores. With full high definition display, you can run any Promotional material, video and advertisement virtually to attract customer attention. And the result is that consumers look up the information they need and make purchase decision without any shopping assistance.

• Build Customer Loyalty

By scanning barcodes on plastic/digital membership card on the ST103 Kiosk Allow customers to place an item order to personal cart, receive coupons, special offers and connect to an existing loyalty program points. Customer can Store favorite item wish to be purchased at gift registry by simply scanning the barcode.

• Enable Omni-Channel Fulfillment

The ST103 Kiosk makes it easy for customers to pick up the online purchases without any hassle or wait. Given the customer order information received by kiosk will automatically let shop clerk to locate and deliver the purchases orders to customers faster. At the same time customers receive order status and information through mobile device, PC and kiosk which provides a seamless online and in -store shopping experience.

• Infinite Possibility with Android OS

The ST103 Kiosk is available to take advantage of Android by supporting major Application development, customization on-demand based on Android operating system (OS) while providing the crisp graphics and “butter-smooth” animation to impress today’s customers.
